WELCOME

Roy Cooper, Managing Director of Professional Security Magazine, welcomes you to **Security TWENTY 17 London** here at the Park Inn Hotel at London Heathrow. We have planned the day so that you can enjoy some excellent presentations from key industry people that are involved with the changing world in which we live. Whatever your subject of expertise, there should be something in the presentations for you to learn and leave feeling better informed. I would like to thank firstly exhibitors who have made the day possible with their contributions, and a special thanks to our sponsors Anixter, Hanwha Techwin, Hikvision, Seagate, CSL Dualcom and Jacksons Fencing. Please take the time to visit their stands as they too have new innovations you may not have seen before. I also would especially like to thank our key note speakers for taking the time out of their busy days to come and share their knowledge with you, but more to the point I would like to thank you for coming along. I hope you have a great day and look forward to welcoming you to our next event.

NOMINATED CHARITY

As you may know, we aim to raise funds for local charities at each of our events and are especially keen to support charities which are close to the hearts of our exhibitors and delegates.

At Security TWENTY 17 London we are raising funds for the **London's Air Ambulance** which is the charity that delivers an advanced trauma team to critically injured people in London. The service provides pre-hospital medical care at the scene of the incident and serves the 10 million people who live, work and travel in London. This charity has been nominated by Professional Security Magazine's Roy Cooper.
