## WELCOME

Roy Cooper, Managing Director of Professional Security Magazine, welcomes you to **Security TWENTY 20 Birmingham** here at the Hilton Metropole NEC Hotel in Birmingham. We have planned the day so that you can enjoy some excellent presentations from key industry people that are involved with the changing world in which we live. Whatever your subject of expertise, there should be something in the presentations for you to learn and leave feeling better informed. I would like to thank firstly exhibitors who have made the day possible with their contributions, and a special thanks to our sponsors Hikvision, BT Security Surveillance, Nimans, 6S Global, CSL Dualcom, and IFSEC

International. Please take the time to visit their stands as they too have new innovations you may not have seen before. I also would especially like to thank our key note speakers for taking the time out of their busy days to come and share their knowledge with you, but more to the point I would like to thank you for coming along. I hope you have a great day and look forward to welcoming you to our next event.

## NOMINATED CHARITY

As you may know, we aim to raise funds for local charities at each of our events and are especially keen to support charities which are close to the hearts of our exhibitors and delegates.

At Security TWENTY 20 Birmingham we will be raising funds for **Prost8 UK** which is a new charity born from the experiences of men who have travelled different journeys through prostate cancer. Their aims and efforts are passionately focused on providing many more men with earlier screening, better treatments and a much better life after treatment.

Visit their website at: [www.prost8.org.uk](http://www.prost8.org.uk)

## SPEAKERS

### **Simon Newman - Secured by Design**

Simon is the Head of Cyber and Business Services for Police Crime Prevention Initiatives. Simon has held a number of senior management positions across Government, including at the Home Office. Prior to joining the Police Digital Security Centre, Simon worked as a Strategic Advisor to the Ministry of Interior in the United Arab Emirates where he led on the development of several new crime reduction strategies and a major reorganisation of the Ministry.

Simon's role at the Police Digital Security Centre sees him working with staff and partners across the law enforcement community and beyond in developing and implementing the long term strategy of the PDSC, which works with stakeholders to reduce the vulnerability of organisations to cyber-crime and fraud.

### **Richard Jenkins - NSI**

Richard Jenkins is CEO of the National Security Inspectorate (NSI) – in position since 2014. NSI is a UKAS accredited third party certification body, and maintains a register of over 1800 Approved Companies with NSI Gold approval the most widely recognised benchmark in the Security Systems, Guarding Services and Fire Safety sectors. With its roots stemming from the 1970's, NSI celebrated 20 years of independence from the Loss Prevention Council in 2018.

Richard's experience in the private sector within the UK and EMEA, spans sales, retail and wholesale distribution, manufacturing, international logistics and quality systems, in blue chip organisations such as IKEA, Chubb, Steelcase and Caterpillar. Richard has brought a strong added value and service ethos, a determination to deliver transparency, and clarity in promoting and supporting the high standards delivered by approved companies in the sector.

## SPEAKERS

### **Bella Stephens-Ikpasaja - The Suzy Lamplugh Trust**

Bella Stephens-Ikpasaja is Commercial and Partnerships Manager at Suzy Lamplugh Trust. Bella manages training and consultancy services at the Trust. She works with HR, H&S, Security and Governance teams within private, public and third sectors, to embed safety policies and procedures. Bella delivers personal safety awareness sessions at events, and within organisations all over the UK and Ireland. Prior to joining the Trust, Bella consulted independently delivering strategic projects to support corporate sustainability and governance principles. Previously Bella worked for strategic brand consultancies within the Advertising industry.

### **Michael White - G4S Secure Solutions**

With twenty years industry experience and a background in operational management that includes critical national infrastructure sites, blue chip city clients and diplomatic clients across a range of industry sectors Mike moved into compliance and risk management five years ago initially as a consultant and latterly with G4S. His experience includes working in the Middle East and he regularly chairs and presents at conferences both in the UK and in Europe.

In addition to his G4S role Mike was a volunteer Director at the Security Institute, a former Chairman of IPSA and a member of The Court of Assistants within The Worshipful Company of Security Professionals. He currently also chairs the working group at the British Standards Institute reviewing BS 7499, is a member of the group reviewing BS 7858 and is working with the Security Industry Authority as a member of the team reviewing the licence linked training requirements for the security industry. His spare time is taken up with his allotment and as a frustrated Southampton FC supporter and an equally frustrated supporter of the French national rugby team.
