Magazine

Having organised events for several years now, we are often asked by suppliers, manufacturers, buyers and the like if we can arrange to put people together in one room at one time. As a provider of security products and services, you genuinely want to meet new people and network with potential customers ie people who genuinely are in the market for things new and innovative and have (if not right now) the budget to spend. You don't, however, want time-wasters. In a word, you need a filter, to get to know just those potential customers that you want to know. So we bring you a special event that does just this. It will be for a handful of exhibitors to meet a carefully selected group of industry related people that either buy or recommend products and services; some will know each other whilst some will not.

I would also like to thank you all for the fantastic event and venue. I am struggling to think of any other event that comes close to the same impact (not to mention the social side).

Liam Heatley, Advancis

We appreciate that this needs to be a memorable and enjoyable experience for all concerned with a bit of work thrown in, so we chose a venue that can meet all expectations, deliver all of our needs and make the event special – that being the world famous Twickenham Stadium on the outskirts of London.

Day 1 starts on 17 March in Lock No 4 on level 3 of the stadium where we will meet at 10.30 am for registration, introductions and an overview of the event. We then arrange a day of 30 minute appointments where attendees can discuss requirements and solutions with manufacturers including lunch. These appointments will be matched to ensure that there is a genuine

requirement from both manufacturer and delegate to avoid time wasting.

After guests have checked into their bedrooms at the Marriott Hotel which is integrated into the stadium and had chance to freshen up, we have organised a full tour of the stadium so that guests can see behind the scenes of this iconic venue.

I can only echo the responses of my Professional Colleagues, the event was extremely well organised and managed. The opportunities to spend professional and leisure time with such a great mix of dedicated professionals was superb. In addition I must also add that both Liz and Roy provided support and the mix of humour and professional input which made the event very special. I have personally made some friends, who will continue to be involved in both my professional and hopefully leisure time, so thank you both.

Bob Stanbridge, GLH Hotel Group

On the evening of 17 March, all of us will come together for a relaxed 3 course dinner in the stunning Member's Lounge overlooking the stadium (pictured right) including hosted bar and entertainment to encourage more networking opportunities to keep everyone happy.

Day 2 After breakfast on 18 March, we will arrange a further morning of 30 minute appointments in your private meeting rooms on level 3 of the stadium. We will finish at 1pm where you will be free to stay for lunch or leave for home or the office.

In total exhibitors will have sixteen 30 minute appointments over the two days. For your exhibition space, you have a private and enclosed room with no distractions and can engage in secure discussions. What you put in that room is up to you – either equipment demos or presentation on laptop and banners etc. All of our attendees will be high level decision makers and influencers who have been specially

selected. We want this event to be a great success for all our attendees so won't be wasting anyone's time! The plan is that even if you don't have an appointment with every delegate you should go away from the event knowing everyone who attended and hopefully having made some firm business connections.

Just to say a big thank you to you and your professional team for organisation a very successful event. The concept of consultants meeting industry leaders was indeed a fantastic opportunity and one I found most rewarding and an education! I also met many smashing people, some old friends and also made many new friends and will be meeting with them again in the near future.
