HIKVISION

IFSEC
INTERNATIONAL

NetVu

WELCOME

Roy Cooper, Managing Director of Professional Security Magazine, welcomes you to **Security TWENTY 22 Birmingham** here at the Hilton Metropole Hotel at the NEC in Birmingham. We have planned the day so that you can enjoy some excellent presentations from key industry people that are involved with the changing world in which we live. Whatever your subject of expertise, there should be something in the presentations for you to learn and leave feeling better informed. I would like to thank firstly exhibitors who have made the day possible with their contributions, and a special thanks to our sponsors Hikvision, BT Security Surveillance, CSL Dualcom, NetVu and IFSEC

International. Please take the time to visit their stands as they too have new innovations you may not have seen before. I also would especially like to thank our key note speakers for taking the time out of their busy days to come and share their knowledge with you, but more to the point I would like to thank you for coming along. I hope you have a great day and look forward to welcoming you to our next event.

NOMINATED CHARITY

As you may know, we aim to raise funds for local charities at each of our events and are especially keen to support charities which are close to the hearts of our exhibitors and delegates.

At Security TWENTY 22 Birmingham, we will be raising funds for Footprints Conductive Education Centre who provide Conductive Education and other services to help children with mobility and communication problems develop the skills they need to thrive and achieve their potential. So far Security TWENTY events have raised over £110,000 at the Charity Dinners!

Visit their website at:

www.footprintscec.org

SPEAKERS

Richard Jenkins - NSI

Richard Jenkins is CEO of the National Security Inspectorate (NSI) – in position since 2014. NSI is a UKAS accredited third party certification body, and maintains a register of over 1800 Approved Companies with NSI Gold approval the most widely recognised benchmark in the Security Systems, Guarding Services and Fire Safety sectors. With its roots stemming from the 1970's, NSI celebrated 20 years of independence from the Loss Prevention Council in 2018.

Richard's experience in the private sector within the UK and EMEA, spans sales, retail and wholesale distribution, manufacturing, international logistics and quality systems, in blue chip organisations such as IKEA, Chubb, Steelcase and Caterpillar. Richard has brought a strong added value and service ethos, a determination to deliver transparency, and clarity in promoting and supporting the high standards delivered by approved companies in the sector.

Michael White - G4S Secure Solutions

With twenty years industry experience and a background in operational management that includes critical national infrastructure sites, blue chip city clients and diplomatic clients across a range of industry sectors Mike moved into compliance and risk management five years ago initially as a consultant and latterly with G4S. His experience includes working in the Middle East and he regularly chairs and presents at conferences both in the UK and in Europe.

In addition to his G4S role Mike was a volunteer Director at the Security Institute, a former Chairman of IPSA and a member of The Court of Assistants within The Worshipful Company of Security Professionals. He currently also chairs the working group at the British Standards Institute reviewing BS 7499, is a member of the group reviewing BS 7858 and is working with the Security Industry Authority as a member of the team reviewing the licence linked training requirements for the security industry. His spare time is taken up with his allotment and as a frustrated Southampton FC supporter and an equally frustrated supporter of the French national rugby team.

SPEAKERS

Tim Molden - ASIS International UK Chapter

Tim is Head of Security & Licensing for McDonald's, Capital Arches Group responsible for Safety and Security for a large franchise in London. Prior to this he was The Director of Security for The Savoy Hotel where he was responsible for all Security Operations, Health & Safety and Fire Safety for the business.

Prior to joining The Savoy, Tim served in The Metropolitan Police for 16 years where he was involved in the planning of many major events and was the Business Engagement Lead, providing public and private sector partnership initiatives between businesses and the MPS. He is a Board Director for ASIS UK responsible for member engagement and a Liveryman of The Worshipful Company of Security Professionals.

Mike Neville - Super Recogniser International

Mike Neville MCSFS is the world expert at catching criminals with CCTV or surveillance cameras. He is the Chief Executive Officer of Super Recognisers International Ltd and the Managing Director of Neville Forensic Recognition Ltd. At New Scotland Yard (the headquarters of London's Metropolitan Police), he was the Detective Chief Inspector in charge of solving crimes with CCTV. He also set up the world's first "Super Recogniser Unit" using officers with fantastic, innate, face memory skills to identify offenders and link crimes by the images. This work is now being replicated across the world.

Having retired from the Met in 2017, Mike works closely with academic partners to further develop the Super Recogniser tactic for the private sector. He advises governments on developing end-to-end CCTV systems, to ensure that images can be used by police, lawyers and courts and result in offenders being brought to justice. He is the only member of the Chartered Society of Forensic Sciences, who is an expert on Super Recognisers. Mike is also on the Forensics Committee of the International Association of Chiefs of Police and is a member of the UK National Association of Surveillance Camera Managers.

SPEAKERS

Gerry Dunphy - Informa

Gerry is the Event Director at Informa for IFSEC International which is the leading security conference and exhibition, covering every aspect of security, from access control and video surveillance to smart buildings, cyber, border control and so much more. With access to thousands of security professionals, all ready to buy, IFSEC is the perfect place to grow your business. The event will take place at London ExCel on 17-19 May 2022 alongside FIREX International (fire safety), Safety & Health Expo, Intelligent Buildings Europe, Workplace Wellbeing Show and Facilities Show (facilities management). Registration is free and attendees will benefit from access to content and networking opportunities from all the events!

Hikvision

Hikvision is the world's leading supplier of video surveillance products and solutions. Featuring the industry's strongest R&D workforce, Hikvision uses its state-of-the-art manufacturing facilities to design and develop innovative CCTV and video surveillance products. The company's complete product suite includes Smart IP cameras, HD analog cameras, speed domes, NVRs, DVRs, video management software, access control and alarm systems, encoders, decoders, and other elements of sophisticated security systems. Hikvision products serve a diverse set of vertical markets that includes retail, banking and finance, transportation, education, commercial, government, and residential applications.

Stratus Technologies Systems

Stratus takes the complexity out of keeping business critical applications running 24/7. Our technologies proactively prevent instances of unplanned downtime both in the data centre and at the edge and our services ensure any issues are addressed before customers need to. Global Fortune 500 companies and small-medium sized businesses in a wide range of industries across the globe have been relying on Stratus for operationally simple, continuous availability for more than 35 years.
